## TO WHOM IT MAY CONCERN

I was pleasantly surprised by the vastly improved performance of the last batch of MBA students in the mid-term examination of my graduate Managerial Accounting class at PES in Fall 2014. It is my understanding that prior to taking my course, the students took the SoundBasics Financial Accounting course. The SoundBasics experience definitely made a difference in the students' understanding of fundamental financial accounting concepts. I believe that this solid foundation in financial accounting provided my MBA students with valuable knowledge and skills that carried over to my Managerial Accounting course. I congratulate SoundBasics for their excellent work in educating and training my graduate students.

Geoffrey Tickell, Ph.D.  
Professor
